EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brion Heaney on January 21, 2004.

In claim 11, line 2, following "leukemia," insert --synergistically--;

Line 2, following "amount of" insert --doxorubicin and--;

Line 11, following "enantiomer," delete "; and administering doxorubicin to a patient".

In claim 34, line 1, following "comprising" insert --a synergistically effective amount of doxorubicin and--.

Line 11, following "enantiomer" delete "; and Doxorubicin,".

In claim 56, line 1, following "comprising" insert --a synergistically effective amount of doxorubicin and--.

Line 11, following "enantiomer" delete "; and Doxorubicin,".

Cancel claim 58.

In the specification on pge 22, line 2 delete "intravenously" and insert --intraperitoneal--.

This is done to correct an obvious typographical error, since page 21, 6 lines from the bottom, recites that mice are inoculated in the abdomen region (i.p.).
